Case of 10 or 100 pcs

ROASTING AND QUALITY CONTROL

Our products are the result of a careful study combined with a masterly low roasting, carried out in a way that allows us to enhance all the peculiarities and organoleptic characteristics which distinguish each single origin. The roasting level of each production batch is monitored, at the end of each roasting cycle, by measuring with a colorimeter

PACKAGING

The packaging is done only when the beans have reached the ideal stage of development and resting. Capsules are made of 100% compostable material, certified OK COMPOST Industrial by TUV AUSTRIA. This means that, once used, they can be directly disposed of in the organic waste, without having to disassemble them first.
